

## How to read this Schedule

- To find when a bus will arrive at a particular stop, you need to:
- FIND the bus stop on the MAP
- Note the LETTER (A, B, etc.) that is at that stop – or the LETTER closest to it on that route.
- USE THE LETTERS on the CHART to find out what TIMES the bus arrives. Stops that are between letters will, of course, have arrival times that are between the two times on the schedule.

It's easy! Phone 975-7500 and follow the voice directions for many different services – including personal assistance if you prefer to talk to someone directly. You can phone as many times as you want.

You will be prompted to enter a 4-digit CODE number (e.g., 3907).

To find your CODE on this Schedule, you need to know:

- LOCATION, and
- DIRECTION (west, east, north or south) that you want to travel.
- DARK BLUE CODE for buses going in one direction (e.g., east)
- LIGHT BLUE CODE for the opposite direction (e.g., west)

Note: The CODE number for

each stop is also displayed on each BUS STOP SIGN.

Use Phone&Go to find out:

- When the NEXT three buses will arrive.
- When buses will arrive LATER IN THE DAY.
- When buses will arrive ON FUTURE DAYS.

[www.saskatoon.ca](http://www.saskatoon.ca)

It's easy! You can plan a trip for now or any time. You will also find lots of other helpful information:

- Go to [www.saskatoon.ca](http://www.saskatoon.ca) and click on the Click&Go logo.
- You can plan your trip using an address, intersection, or landmark.
- You can choose options to minimize total trip time, walking time, or the number of transfers. (Some choices let you decide if you want to get there the fastest, or have the shortest walk to the bus stop - or not have to transfer.)
- You can print off the trip information including the map.
